e) Potential products of imports from India

S. No.	Commodity (6 digit HS tariff line)	Rationale (Max. 200 words)
1.	Spare parts (skd) meant for the assembly industries for passengers vehicles and other vehicles 870322, 870332	<p>The import of SKD parts from India reached US\$ 165 million during the first nine months of 2019.</p> <p>Algeria imported SKD kits meant for assembly of vehicles for the transport of persons and goods worth US\$ 1.766 billion during the first semester of 2019, against US\$ 1.711 billion during the same period in 2018, thus increasing by US\$ 55.26 million (+3.23%), according to Algerian Customs.</p> <p>This increase is mainly due to the imports of SKD collections meant for the assembly of vehicles for the transport of goods, which reached US\$ 437.37 million during the first semester of 2019 against US\$ 260.60 million during the same period of 2018, it increased by 67.84 %.</p> <p>The value of import of SKD used for the assembly of light vehicles reached US\$ 1.329 billion during the first semester of 2019 against US\$ 1.451 billion during the same period of 2018, decreasing by US\$ 121.51 million, i.e. -8.38 %.</p> <p>The increase concerned also the import of parts and accessories of automobiles used for the maintenance of old vehicles, which reached US\$ 199.32 million against US\$ 171.01 million, an increase of US\$ 28.31 million (+16.55%).</p> <p>Conventions will be signed by the end of 2019 with automobile equipment manufacturers for the manufacture in Algeria of parts and components for vehicle assembly plants, which will allow to fulfil the conditions of national integration rate, which is lagging behind. Operators of the sector of assembly of vehicles will continue their activities in 2020 by respecting their commitments towards the Algerian government. The integration rate as required by the cahier des charges of assembly companies is 15% by the year and 40% by the fifth year, as stipulated by the legislation that govern this sector, that is to say the decree No. 334-17 dated 28 November 2017. The main constructors present in Algeria are Renault, Sovac, Volkswagen, Seat, Hyundai, Audi, Kia, BAIC, Chery and Peugeot, which will start production during the first semester of 2020.</p>

2.	Pharmaceutical products 300490, 300390, 300420, 300432	<p>For the pharmaceutical industry, the turnover is estimated at more than US\$ 3.32 billion. Despite import restrictions and increasing local production, drug imports increased sharply in 2018. However, Algeria's imports of pharmaceutical products during the first eight months of 2019 recorded a decrease of 11.42 %, thus reaching the value of US\$ 785.23 million against US\$ 886.42 million.</p> <p>Algeria's imports of pharmaceutical products from India during the first nine months of 2019 reached US\$ 53 million.</p> <p>The national production of pharmaceutical products in Algeria saves every year US\$ 300 million. It is the result of Algerian companies' investments, which recorded 16 % of growth against 1 % for multi national companies.</p> <p>The law 51-49 % is one of the conditions for the set up of a pharmaceutical production plant in Algeria, with the majority of shares held by the Algerian partner. As for the import regulation that govern this sector, it stipulates that all imported pharmaceutical product must be accompanied by technical documents which are required to be submitted at the National Pharmaceutical Products Agency (ANPP), in accordance with the new sanitary law, published in the Official Gazette No. 43 dated 7.7.2019.</p> <p>For the vast majority of medical devices, the market is very fragmented with more than one hundred actors: producers, importers, distributors. The Algerian market for medical devices is highly dependent on public procurement (civil and military) through tenders.</p> <p>The main importers of pharmaceuticals products are Sidal, Biopharm, Pharmalliance, Hikma Pharma, LAD Pharma, Biocare, Pharmaghreb, Inpha Medis, Merinal, Janis Med, Sandoz, Hup Pharma, El Kendi etc.</p>
3.	Chickpeas 071320	<p>Chickpeas represented an import of US\$ 33 million by Algeria from India during the first nine months of 2019. This wide consumer product is imported by Algeria in big quantities. The total imports of chickpeas by Algeria in 2018 reached US\$ 103 million and US\$ 70 million during the first nine months of 2019. Chickpeas are mainly imported from Canada, USA, Mexico, India, Turkey and Russia.</p>

As per the Interministerial decree dated 6 September 1997 published in the Official Gazette No. 77 dated 26 November 1997, fixing the technical specifications of certain pulses and their modalities of presentation, including chickpeas, these latter should be :

-Healthy and fit for human consumption

-Free of abnormal odors and taste and live insects

-Free from any contamination such as impurities of animal origin, including dead insects, in quantities likely to present a risk to human health

- Whole, except in the presentation of seeds in shell or split

- The maximum water content of chickpeas is 14.5%

- Dry vegetables must not contain more than 1.0% of foreign matter of which not more than 0.25% of mineral origin and not more than 0.10% of dead insects, fragments or debris of insects and/or other impurities of animal origin

"foreign material" means any organic or mineral matter (dust, twigs, arils, seeds of other species, dead insects, fragments or debris of insects, other impurities of animal origin).

-The dried vegetables subject to this decree, including chickpeas, must be free from toxic or harmful seeds listed below in quantities likely to present risks to health :
crotalaria, agrostemma githago, ricinus communis, datura and other grains that are known to be dangerous for health.

- The pulses, including chickpeas, must not contain defective or damaged seeds at a rate higher than that fixed by decree. It must be free of organic or mineral contaminants in quantity that may pose a risk to human health.

- The labeling of pre-packaged dry vegetables, including chickpeas, intended for the consumer, as it is, must include, in addition to the labeling statements provided for by Executive Order No.90-367 of 10 November 1990 on the labeling and presentation of foodstuffs , the following information: the date of packaging, the identification number of the lot, the country of origin. When the same products are not

		<p>intended to be presented to the consumer as it is, their labeling must contain, in addition to the above information, an indication of the year of harvest.</p> <p>The main importers of chickpeas THIKA Sarl and Cevital.</p>
4.	Semi whitened rice and paraboiled rice 100630	<p>Algeria does not produce rice, so this product is almost 100% imported. It imports about 100,000 tons annually, mainly from India, Vietnam, Thailand, Pakistan, Tajikistan, Uruguay, Argentina and Spain.</p> <p>This market is still promising for rice because Algerians are used to consuming it. On the other hand, the number of Asian workers in Algeria continues to increase, which helps to increase the demand.</p> <p>Algeria's imports of rice reached US\$ 87 million in 2018 and US\$ 48 million during the first nine months of 2019. Algeria imported rice worth US\$ 38 million in 2018 and US\$ 25 million during the first nine months of 2019 from India.</p> <p>In accordance with the Interministerial decree dated 6 September 1997 published on the Official Gazette No. 77 dated 26 November 1997, fixing the technical specifications of rice and modalities of presentation, provides that the rice imported by Algeria should be presented in whole grains and in fragment of <i>Oryza sativa</i> species. This decree gives the technical specifications for paddy rice, white rice, paraboiled rice, long grains rice, medium grains rice, short grains rice. It describes the nature of the defects and the admissible rates contained in the rice.</p>
5.	Shelled grinded peanuts 120242	<p>Peanut is a product that is imported in large quantities by Algeria. It imported from India the amount of US\$ 16 million in 2018. Dried fruits are mainly imported in bulk and packaged in Algeria.</p> <p>The Interministerial decree of 4 October 2016 published in the Official Gazette No. 39 dated 2 July 2017 fixes the microbiological criteria of food products including peanuts as regard to moulds and Salmonella.</p>
6.	Polyethylene terephthalate 390761	<p>Algeria's imports from India reached US\$ 7 million during the first nine months of 2019. Algeria's total imports of these products during the same period reached US\$ 23 million in 2018. This product is imported for its use for packaging foods and beverages, especially convenience-sized soft drinks, juices and water. Algeria is the largest importer of plastic and</p>

		packaging technologies on the African continent.
